15 July 2021 **Kit Components**

| Product Code | Description |
|---|---|
| 43024-1, 43024-2 | BigEasy™ v2.0 Linear Cloning Kit (pJAZZ™-OC NotI Vector) |

Components

| | |
|---|---|
| pJAZZ-OC NotI Vector | F92426-1 |
| CloneSmart DNA Ligase | F93188-1 |
| CloneDirect 10X Ligation Buffer | F98185-5 |
| Positive Control Insert DNA Lambda PspOMI, EagI | F92369-1 |
| Sequencing Primer SL1 | F91108-1 |
| Sequencing Primer NZ-RevC | F91433-1 |

# pJAZZ™-OC NotI Vector.

Safety Data Sheet

Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Revision date: 10/19/2021 Version: B

## SECTION 1: Identification of the substance/mixture and of the company/undertaking

### 1.1. Product identifier

Product name : pJAZZ™-OC NotI Vector.

Product form : Mixture

Product code : F92426-1, F92426-2

### 1.2. Relevant identified uses of the substance or mixture and uses advised against

Use of the substance/mixture : Laboratory Chemicals.

### 1.3. Details of the supplier of the safety data sheet

Lucigen Corp.

Legal entity of LGC, Biosearch Technologies
2905 Parmenter Street
Middleton, WI 53562
U.S.A.
Phone: (608) 831-9011
Fax: (608) 831-9012
E-mail: techsupport@LGCGroup.com

### 1.4. Emergency telephone number

Emergency number : 1-888-575-9695 (Biosearch Technologies: Monday-Friday, 8:00AM-5:00PM)

## SECTION 2: Hazards identification

### 2.1. Classification of the substance or mixture

**GHS-US classification**

Not a hazardous substance or mixture.

### 2.2. Label elements

**GHS-US labelling**

Not a hazardous substance or mixture.

### 2.3. Other hazards

No additional information available.

### 2.4. Unknown acute toxicity (GHS-US)

No data available.

## SECTION 3: Composition/information on ingredients

### 3.1. Substance

Not applicable

### 3.2. Mixture

Non-hazardous mixture

## SECTION 4: First aid measures

### 4.1. Description of first aid measures

First-aid measures general : If exposed or concerned, get medical attention/advice. Show this safety data sheet to the doctor in attendance. Wash contaminated clothing before re-use. Never give anything to an unconscious person.

First-aid measures after inhalation : IF INHALED: Remove to fresh air and keep at rest in a comfortable position for breathing. If not breathing, give artificial respiration. Consult a physician.

First-aid measures after skin contact : IF ON SKIN (or clothing): Remove affected clothing and wash all exposed skin with tepid water for at least 15 minutes. If symptoms continue, consult a physician.

First-aid measures after eye contact : IF IN EYES: Immediately flush with tepid water for at least 15 minutes. Remove contact lenses if present and can easy to do so. Continue rinsing. If symptoms continue, consult a physician.

First-aid measures after ingestion : IF SWALLOWED: Rinse mouth thoroughly. Do not induce vomiting. Consult a physician if symptoms persist. Do not give anything by mouth to an unconscious person.

### 4.2. Most important symptoms and effects, both acute and delayed

Symptoms/injuries : Not expected to present a significant acute hazard under anticipated conditions of normal use.

Symptoms/injuries after inhalation : May cause upper respiratory irratation.

Symptoms/injuries after skin contact : May cause skin irritation.

Symptoms/injuries after eye contact : Direct contact with the eyes is likely to be irritating.

Symptoms/injuries after ingestion : May cause gastrointestinal irritation.

**4.3. Indication of any immediate medical attention and special treatment needed**

No additional information available.

## SECTION 5: Firefighting measures

**5.1. Extinguishing media**

Suitable extinguishing media : Incase of fire, use water, dry chemical, chemical foam, or alcohol-resistance foam. Use agents most appropriate to extinguish the fire.

**5.2. Special hazards arising from the substance or mixture**

Fire hazard : Product is not flammable.

Explosion hazard : Product is not explosive.

Reactivity : No dangerous reactions known under normal conditions of use.

**5.3. Advice for firefighters**

Firefighting instructions : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. In the event of fire and/or explosion, do not breathe fumes. Do not dispose of fire-fighting water in the environment.

Protection during firefighting : Do not enter fire area without proper protective equipment, including respiratory protection.

## SECTION 6: Accidental release measures

**6.1. Personal precautions, protective equipment and emergency procedures**

General measures : Ventilate area. Evacuate area. Keep upwind. Spill should be handled by trained clean-up crews properly equipped with respiratory equipment and full chemical protective gear (see Section 8).

**6.1.1. For non-emergency personnel**

Protective equipment : Wear Protective equipment as described in Section 8.

**6.1.2. For emergency responders**

Protective equipment : Wear suitable protective clothing, gloves and eye or face protection. For further information refer to section 8: "Exposure controls/personal protection".

**6.2. Environmental precautions**

Prevent entry to sewers and public waters. Notify authorities if liquid enters sewers or public waters. Avoid release to the environment.

**6.3. Methods and material for containment and cleaning up**

For containment : Contain any spills with dikes or inert absorbents (e.g., sand or vermiculite) to prevent migration and entry into sewers or streams.

Methods for cleaning up : Soak up spills with inert absorbants, such as vermiculite and sand. This material and its container must be disposed of in a safe way, and as per local, state, and federal legislation.

**6.4. Reference to other sections**

No additional information available

## SECTION 7: Handling and storage

**7.1. Precautions for safe handling**

Precautions for safe handling : Do not handle until all safety precautions have been read and understood. Wear recommended personal protective equipment. Wash hands and other exposed areas with mild soap and water after working with mixture, before leaving the laboratory, before eating, drinking or smoking and when leaving work. Avoid ingestion and inhalation. Keep container tightly closed.

**7.2. Conditions for safe storage, including any incompatibilities**

Storage conditions : Store in at either -20°C or -70°C . Keep container tightly closed.

## SECTION 8: Exposure controls/personal protection

**8.1. Control parameters**

Components with workplace control parameters

Contains no substances with occupational exposure limit values.

**8.2. Exposure controls**

Appropriate engineering controls : Provide adequate general and local exhaust ventilation. Use process enclosures, local exhaust ventilation, or other engineering controls to control airborne levels below recommended exposure limits. Ensure adequate ventilation, especially in confined areas. Emergency safety shower and eye wash should be available.

Personal protective equipment : Gloves. Protective goggles.

Hand protection : Use gloves chemically resistant to this material when prolonged or repeated contact could occur. Gloves should be classified under Standard EN 374 or ASTM F1296. Suitable gloves for this specific application can be recommended by the glove supplier.

Eye protection : Use eye protection suitable to the environment. Avoid direct contact with eyes.

Skin and body protection : Wear long sleeves, and chemically impervious PPE to minimize bodily exposure.

Respiratory protection : Use NIOSH-approved dust/particulate respirator as needed. Where vapor, mist, or dust exceed PELs or other applicable OELs, use NIOSH-approved respiratory protective equipment.

## SECTION 9: Physical and chemical properties

**9.1. Information on basic physical and chemical properties**

| | |
|---|---|
| Physical state | : Liquid containing dissolved material |
| Color | : Colorless |
| Odor | : No data available |
| Odor Threshold | : No data available |
| pH | : ~ 7 |
| Melting point | : No data available |
| Freezing point | : No data available |
| Boiling point | : No data available |
| Flash point | : No data available |
| Relative evaporation rate | : No data available |
| Flammability (solid, gas) | : No data available |
| Vapour pressure | : No data available |
| Relative vapour density at 20 °C | : No data available |
| Relative density | : No data available |
| Solubility | : No data available |
| Log Pow | : No data available |
| Log Kow | : No data available |
| Auto-ignition temperature | : No data available |
| Decomposition temperature | : No data available |
| Viscosity, kinematic | : No data available |
| Viscosity, dynamic | : No data available |
| Explosive properties | : No data available |
| Oxidising properties | : No data available |
| Explosive limits | : No data available |

**9.2. Other information**

No additional information available

## SECTION 10: Stability and reactivity

**10.1. Reactivity**

No dangerous reactions known under normal conditions of use.

**10.2. Chemical stability**

Stable under use and storage conditions as recommended in section 7.

**10.3. Possibility of hazardous reactions**

None known.

**10.4. Conditions to avoid**

None known.

**10.5. Incompatible materials**

None known.

**10.6. Hazardous decomposition products**

None known.

## SECTION 11: Toxicological information

**11.1. Information on toxicological effects**

| | | |
|---|---|---|
| Acute toxicity | : | Not available |
| Skin corrosion/irritation | : | Not available |
| Serious eye damage/irritation | : | Not available |
| Respiratory or skin sensitisation | : | Not available |
| Germ cell mutagenicity | : | Not available |
| Carcinogenicity | : | Not available |
| Reproductive toxicity | : | Not available |
| Specific target organ toxicity (single exposure) | : | Not available |
| Specific target organ toxicity (repeated exposure) | : | Not available |
| Aspiration hazard | : | Not classified |
| Symptoms/injuries after inhalation | : | May cause upper respiratory irratation. |
| Symptoms/injuries after skin contact | : | May cause skin irritation. |
| Symptoms/injuries after eye contact | : | Direct contact with the eyes is likely to be irritating. |
| Symptoms/injuries after ingestion | : | May cause gastrointestinal irritation. |

## SECTION 12: Ecological information

**12.1. Toxicity**

No additional information available.

**12.2. Persistence and degradability**

No additional information available.

**12.3. Bioaccumulative potential**

No additional information available.

**12.4. Mobility in soil**

No additional information available.

**12.5. Other adverse effects**

No additional information available.

## SECTION 13: Disposal considerations

**13.1. Waste treatment methods**

| | | |
|---|---|---|
| Waste treatment methods | : | Obtain the consent of pollution control authorities before discharging to wastewater treatment plants. Product should not be discharged to surface waters without a NPDES permit. |
| Waste disposal recommendations | : | Dispose in a safe manner in accordance with local, state, and federal regulations. Avoid release to the environment. |

## SECTION 14: Transport information

**In accordance with DOT**

Not hazardous for transport

**Additional information**

| | | |
|---|---|---|
| Other information | : | No supplementary information available. |

**Transport by sea**

No additional information available

**Air transport**

No additional information available

## SECTION 15: Regulatory information

**15.1. US Federal regulations**

**SARA 304 Extremely Hazardous Substances Reportable Quantity**

This product does not contain any components with a section 304 EHS RQ.

**SARA 311/312 Hazards**

No SARA Hazards

**SARA 302**

No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

**SARA 313**

This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

**15.2. International regulations**

No additional information available.

**15.3. US State regulations**

**California Proposition 65**

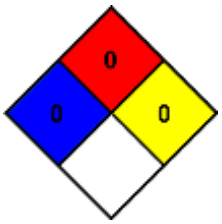

This product does not contain any substances known to the state of California to cause cancer and/or reproductive harm

| **This mixture not listed on the following:** |
|---|
| U.S. - Massachusetts - Right To Know List<br>U.S. - New Jersey - Right to Know Hazardous Substance List<br>U.S. - Pennsylvania - RTK (Right to Know) List |

## SECTION 16: Other information

| | | |
|---|---|---|
| Indication of changes | : | Revision B: Update branding. |
| Revision date | : | 10/19/2021 |
| Other information | : | Author: Biosearch Technologies. |

| | | |
|---|---|---|
| NFPA health hazard | : | 0 - Exposure under fire conditions would offer no hazard beyond that of ordinary combustible materials. |
| NFPA fire hazard | : | 0 - Materials that will not burn. |
| NFPA reactivity | : | 0 - Normally stable, even under fire exposure conditions, and are not reactive with water. |

**HMIS III Rating**

| | | |
|---|---|---|
| Health | : | 0 |
| Flammability | : | 0 |
| Physical | : | 0 |
| Personal Protection | : | |

This information is disclosed to the best of Biosearch Technologies' knowledge. This document does not constitute a contractual relationship with product end users or handlers with respect to the possible presence of hazards in this item. Disposal should be in accordance with applicable regional, national and local laws and regulations.

# CloneSmart™ DNA Ligase.

Safety Data Sheet

Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Revision date: 11/10/2021 Version: B

## SECTION 1: Identification of the substance/mixture and of the company/undertaking

### 1.1. Product identifier

Product name : CloneSmart™ DNA Ligase

Product form : Mixture

Product code : F93188-1, F93188-2, F93188-4

### 1.2. Relevant identified uses of the substance or mixture and uses advised against

Use of the substance/mixture : Laboratory chemical.

### 1.3. Details of the supplier of the safety data sheet

Lucigen Corp.

Legal entity of LGC, Biosearch Technologies
2905 Parmenter Street
Middleton, WI 53562
U.S.A.
Phone: (608) 831-9011
Fax: (608) 831-9012
E-mail: techsupport@LGCGroup.com

### 1.4. Emergency telephone number

Emergency number : 1-888-575-9695 (Biosearch Technologies: Monday-Friday, 8:00AM-5:00PM)

## SECTION 2: Hazards identification

### 2.1. Classification of the substance or mixture

**GHS-US classification**

Not classified.

### 2.2. Label elements

**GHS-US labelling**

No labeling applicable.

### 2.3. Other hazards

None.

### 2.4. Unknown acute toxicity (GHS-US)

No data available.

## SECTION 3: Composition/information on ingredients

### 3.2. Mixture

| Name | Product identifier | % |
|---|---|---|
| **Glycerol, CAS # 56-81-5**<br>EC# 200-289-5<br>Chemical Formula: $C_3H_8O_3$<br>Molecular Weight: 92.09 g/mol<br>Synonyms: 1,2,3-Propanetriol, Glycerin | Ingredient in product. | 50% |

## SECTION 4: First aid measures

### 4.1. Description of first aid measures

First-aid measures general : If exposed or concerned, consult a physician. Show this safety data sheet to the doctor in attendance. Wash contaminated clothing before re-use. Never give anything to an unconscious person.

First-aid measures after inhalation : IF INHALED: Remove to fresh air and keep at rest in a comfortable position for breathing. If not breathing, give artificial respiration. Consult a physician.

First-aid measures after skin contact : IF ON SKIN (or clothing): Remove affected clothing and wash all exposed skin for at least 15 minutes with tepid water. Consult a physician.

First-aid measures after eye contact : IF IN EYES: Immediately flush with plenty of tepid water for at least 15 minutes. Remove contact lenses if present and easy to do so. Continue rinsing. Consult a physician.

First-aid measures after ingestion : IF SWALLOWED: Rinse mouth thoroughly and consult a physician. Do not induce vomiting.

**4.2. Most important symptoms and effects, both acute and delayed**

Symptoms/injuries : Not expected to present a significant acute hazard under anticipated conditions of normal use.

Symptoms/injuries after inhalation : May cause upper respiratory irratation.

Symptoms/injuries after skin contact : Direct contact will cause skin irritation.

Symptoms/injuries after eye contact : Direct contact will cause eye irritation.

Symptoms/injuries after ingestion : Will cause gastrointestinal irritation.

**4.3. Indication of any immediate medical attention and special treatment needed**

No additional information available

## SECTION 5: Firefighting measures

**5.1. Extinguishing media**

Suitable extinguishing media : Water spray, alcohol resistant foam, dry chemical, carbon dioxide, or appropriate foam.

**5.2. Special hazards arising from the substance or mixture**

Fire hazard : Emits toxic fumes under fire conditions.

Explosion hazard : Emits toxic fumes under fire conditions.

Reactivity : No dangerous reactions known under normal conditions of use.

**5.3. Advice for firefighters**

Firefighting instructions : Wear self-contained breathing apparatus and protective clothing to prevent contact with skin and eyes.

Protection during firefighting : Do not enter fire area without proper protective equipment, including respiratory protection.

## SECTION 6: Accidental release measures

**6.1. Personal precautions, protective equipment and emergency procedures**

General measures : Ventilate area. Evacuate area. Keep upwind. Spill should be handled by trained clean-up crews properly equipped with respiratory equipment and full chemical protective gear (see Section 8).

**6.1.1. For non-emergency personnel**

Protective equipment : Wear Personal Protective Equipment as described in Section 8.

**6.1.2. For emergency responders**

Protective equipment : Wear suitable protective clothing, gloves, respirator, and eye or face protection. For further information refer to section 8: "Exposure controls/personal protection".

**6.2. Environmental precautions**

Prevent entry to sewers and public waters. Notify authorities if liquid enters sewers or public waters. Avoid release to the environment.

**6.3. Methods and material for containment and cleaning up**

For containment : Contain any spills with dikes or inert absorbents (e.g., sand or vermiculite) to prevent migration and entry into sewers or streams.

Methods for cleaning up : Soak up spills with inert absorbants, such as sand or vermiculite as soon as possible. Place in closed waste container for disposal. This material and its container must be disposed of in a safe way, and as per local, state, and federal legislation.

**6.4. Reference to other sections**

No additional information available

## SECTION 7: Handling and storage

**7.1. Precautions for safe handling**

Precautions for safe handling : Do not handle until all safety precautions have been read and understood. Wear recommended personal protective equipment. Wash hands and other exposed areas with mild soap and water after handling material, leaving the laboratory, before eating, drinking or smoking and when leaving work.

**7.2. Conditions for safe storage, including any incompatibilities**

Storage conditions : Store in a -20°C freezer without a defrost cycle.

## SECTION 8: Exposure controls/personal protection

### 8.1. Control parameters

Components with workplace control parameters

| Component | CAS-No. | Value | Control parameters | Basis |
|---|---|---|---|---|
| Glycerol | 56-81-5 | TWA | 10 mg/m3 | USA. OSHA – TABLE Z-1 Limits for Air Contaminants – 1910.1000 |
| | | TWA | 10 mg/m3 | USA. ACGIH Threshold Limit Values (TLV) |
| | Remarks | Upper Respiratory Tract Irritation | | |
| | | TWA | 5 mg/m3 | USA. Occupational Exposure Limits (OSHA) – Table Z-1 Limits for Air Contaminants |
| | | TWA | 15 mg/m3 | USA. Occupational Exposure Limits (OSHA) – Table Z-1 Limits for Air Contaminants |

### 8.2. Exposure controls

Appropriate engineering controls : Provide adequate general and local exhaust ventilation. Use process enclosures, local exhaust ventilation, or other engineering controls to control airborne levels below recommended exposure limits. Ensure adequate ventilation, especially in confined areas. Emergency safety shower and eye wash station should be available. Avoid prolonged or repeated exposure.

Personal protective equipment : Gloves. Protective goggles. Laboratory Coat.

Hand protection : Use gloves chemically resistant to this material when prolonged or repeated contact could occur. Gloves should be classified under Standard EN 374 or ASTM F1296. Suitable gloves for this specific application can be recommended by the glove supplier. Suggested glove materials are: Neoprene, Nitrile.

Eye protection : Safety goggles should be worn when working with mixture. Avoid direct contact with eyes.

Skin and body protection : Wear long sleeves, and chemically impervious PPE/coveralls to minimize bodily exposure.

Respiratory protection : Use NIOSH/MSHA-approved dust/particulate respirator if exposure symptoms develop. Where vapor, mist, or dust exceed PELs or other applicable OELs, use NIOSH-approved respiratory protective equipment. Do not breathe in vapour, mist, or dust.

## SECTION 9: Physical and chemical properties

### 9.1. Information on basic physical and chemical properties

Physical state : Liquid
Color : No data available
Odor : No data available
Odor Threshold : No data available
pH : No data available
Melting point : No data available
Freezing point : No data available
Boiling point : No data available
Flash point : No data available
Relative evaporation rate : No data available
Flammability (solid, gas) : No data available
Vapour pressure : No data available
Relative vapour density at 20 °C : No data available
Relative density : No data available
Solubility in Water : No data available
Log Pow : No data available
Log Kow : No data available
Auto-ignition temperature : No data available
Decomposition temperature : No data available

| | | |
|---|---|---|
| Viscosity, kinematic | : | No data available |
| Viscosity, dynamic | : | No data available |
| Explosive properties | : | No data available |
| Oxidising properties | : | No data available |
| Explosive limits | : | No data available |

**9.2. Other information**

No additional information.

## SECTION 10: Stability and reactivity

**10.1. Reactivity**

No dangerous reactions known under normal conditions of use.

**10.2. Chemical stability**

Stable under use and storage conditions as recommended in section 7.

**10.3. Possibility of hazardous reactions**

None known. Hazardous polymerization does not occur.

**10.4. Conditions to avoid**

None known.

**10.5. Incompatible materials**

Strong oxidizing agents, strong bases.

**10.6. Hazardous decomposition products**

Carbon oxides.

## SECTION 11: Toxicological information

**11.1. Information on toxicological effects**

| | | |
|---|---|---|
| Acute toxicity | : | No data available |
| Skin corrosion/irritation | : | No data available |
| Serious eye damage/irritation | : | No data available |
| Respiratory or skin sensitisation | : | No data available |
| Germ cell mutagenicity | : | No data available |
| Carcinogenicity | : | IARC – No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible, or confirmed human carcinogen by IARC.<br>ACGIH – No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by ACGIH.<br>NTP – No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.<br>OSHA – No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA. |
| Reproductive toxicity | : | No data available |
| Specific target organ toxicity (single exposure) | : | No data available |
| Specific target organ toxicity (repeated exposure) | : | No data available |
| Aspiration hazard | : | No data available |
| Symptoms/injuries after inhalation | : | May cause upper respiratory irratation. May cause headaches. |
| Symptoms/injuries after skin contact | : | Direct contact with skin will cause skin irritation. |
| Symptoms/injuries after eye contact | : | Direct contact will cause eye irritation. |
| Symptoms/injuries after ingestion | : | Will cause gastrointestinal distress. |
| Additional Information | : | The chemical, physical, and toxicological properties have not been thoroughly investigated. Repeated or prolonged exposure may cause headache, vomitting, and nausea. May cause kidney irregularities (based on human evidence). |

## SECTION 12: Ecological information

**12.1. Toxicity**

No additional information available

### 12.2. Persistence and degradability

No additional information available

### 12.3. Bioaccumulative potential

No additional information available

### 12.4. Mobility in soil

No additional information available

### 12.5. Other adverse effects

No additional information available

## SECTION 13: Disposal considerations

### 13.1. Waste treatment methods

Waste treatment methods : Obtain the consent of pollution control authorities before discharging to wastewater treatment plants. Product should not be discharged to surface waters without a NPDES permit.

Waste disposal recommendations : Dispose in a safe manner in accordance with local, state, and federal regulations. Avoid release to the environment.

## SECTION 14: Transport information

**In accordance with DOT**

Not hazardous for transport

**Additional information**

Other information : No supplementary information available.

**Transport by sea**

No additional information available

**Air transport**

No additional information available

## SECTION 15: Regulatory information

**15.1. US Federal regulations**

**SARA 302 Components**

No chemicals in this solution are subject to the reporting requirements of SARA Title III, Section 302.

**SARA 311/312 Hazards**

Chronic Health Hazard

**SARA 313**

This materials does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

**15.2. International regulations**

None.

**15.3. US State regulations**

**California Proposition 65**

This product does not contain any substances known to the state of California to cause cancer and/or reproductive harm.

**Massachusetts Right To Know Components**

Glycerol, CAS 56-81-5

**New Jersey Right to Know Hazardous Substance List**

Glycerol, CAS 56-81-5

**Pennsylvania Right to Know List**

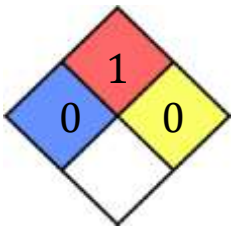

Glycerol, CAS 56-81-5

## SECTION 16: Other information

Indication of changes : Revision B: Update branding.

| | | |
|---|---|---|
| Revision date | : | 11/10/2021 |
| Other information | : | Author: Biosearch Technologies |

| | | |
|---|---|---|
| NFPA health hazard | : | 0 – Poses no health hazard, no precautions necessary and would offer no hazard beyond that of ordinary combustible materials. |
| NFPA fire hazard | : | 1 – Materials that require considerable preheating, under all ambient temperature condtision, before ignition and combustion can occur. Flash point at or above 93.3°C. |
| NFPA reactivity | : | 0 - Normally stable, even under fire exposure conditions, and are not reactive with water. |

**HMIS III Rating**

| | | |
|---|---|---|
| Health | : | 0 |
| Flammability | : | 1 |
| Physical Hazard | : | 0 |
| Personal Protection | : | |

This information is disclosed to the best of Biosearch Technologies' knowledge. This document does not constitute a contractual relationship with product end users or handlers with respect to the possible presence of hazards in this item. Disposal should be in accordance with applicable regional, national and local laws and regulations.

# 10X CloneDirect Buffer.

Safety Data Sheet

Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Revision date: 11/10/2021 Version: B

## SECTION 1: Identification of the substance/mixture and of the company/undertaking

### 1.1. Product identifier

Product name : 10X CloneDirect Buffer

Product form : Mixture

Product code : F98185-5

### 1.2. Relevant identified uses of the substance or mixture and uses advised against

Use of the substance/mixture : Laboratory chemical.

### 1.3. Details of the supplier of the safety data sheet

Lucigen Corp.

Legal entity of LGC, Biosearch Technologies
2905 Parmenter Street
Middleton, WI 53562
U.S.A.
Phone: (608) 831-9011
Fax: (608) 831-9012
E-mail: techsupport@LGCGroup.com

### 1.4. Emergency telephone number

Emergency number : 1-888-575-9695 (Biosearch Technologies: Monday-Friday, 8:00AM-5:00PM)

## SECTION 2: Hazards identification

### 2.1. Classification of the substance or mixture

**GHS-US classification**

Not classified.

### 2.2. Label elements

**GHS-US labelling**

No labeling applicable.

### 2.3. Other hazards

None.

### 2.4. Unknown acute toxicity (GHS-US)

No data available.

## SECTION 3: Composition/information on ingredients

### 3.2. Mixture

| Name | Product identifier | % |
|---|---|---|
| **Tris Acetate, CAS # 6850-28-8**<br>EC# 229-939-6<br>Chemical Formula: $C_4H_{11}NO_3$*$CH_3COOH$<br>Molecular Weight: 181.19 g/mol<br>Synonyms: TRIS acetate salt, Tris(hydroxymethyl)aminomethane acetate salt, [2-Hydroxy-1, 1-bis(hydroxymethyl)ethyl]ammonium acetate | Ingredient in product. | 5.4 |
| **Magnesium acetate, CAS # 142-72-3**<br>EC# 205-554-9<br>Chemical Formula: $C_4H_6MgO_4$<br>Molecular Weight: 142.39 g/mol<br>Synonyms: Magnesium di(acetate) | Ingredient in product. | 1.4% |
| **DL-Dithiothreitol, CAS # 3483-12-3**<br>EC# 222-468-7<br>Chemical Formula: $C_4H_{10}O_2S_2$<br>Molecular Weight: 154.25 g/mol<br>Synonyms: DTT, *threo*-1,4-Dimercapto-2,3-butanediol, Cleland's reagent, (R*,R*)-1,4-Dimercaptobutane-2,3-diol | Ingredient in product. | 1.5% |

## SECTION 4: First aid measures

### 4.1. Description of first aid measures

First-aid measures general : If exposed or concerned, consult a physician. Show this safety data sheet to the doctor in attendance. Wash contaminated clothing before re-use. Never give anything to an unconscious person.

First-aid measures after inhalation : IF INHALED: Remove to fresh air and keep at rest in a comfortable position for breathing. If not breathing, give artificial respiration. Consult a physician.

First-aid measures after skin contact : IF ON SKIN (or clothing): Remove affected clothing and wash all exposed skin for at least 15 minutes with tepid water. Consult a physician.

First-aid measures after eye contact : IF IN EYES: Immediately flush with plenty of tepid water for at least 15 minutes. Remove contact lenses if present and easy to do so. Continue rinsing. Consult a physician.

First-aid measures after ingestion : IF SWALLOWED: Rinse mouth thoroughly and consult a physician. Do not induce vomiting.

### 4.2. Most important symptoms and effects, both acute and delayed

Symptoms/injuries : Not expected to present a significant acute hazard under anticipated conditions of normal use.

Symptoms/injuries after inhalation : May cause irritation to respiratory tract.

Symptoms/injuries after skin contact : May cause skin irritation.

Symptoms/injuries after eye contact : May cause irritation, redness, and pain.

Symptoms/injuries after ingestion : May cause gastrointestinal distress, nausea, and diarrhea.

### 4.3. Indication of any immediate medical attention and special treatment needed

No additional information.

## SECTION 5: Firefighting measures

### 5.1. Extinguishing media

Suitable extinguishing media : Water spray, carbon dioxide, dry chemical powder, alcohol-resistant foam, or appropriate foam.

### 5.2. Special hazards arising from the substance or mixture

Fire hazard : Emits toxic fumes under fire conditions (Carbon oxides, Nitrogen oxides, Sulphur oxides, Magnesium oxide).

Explosion hazard : No data available.

Reactivity : Can react with oxidizing agents.

### 5.3. Advice for firefighters

Firefighting instructions : Wear self-contained breathing apparatus and protective clothing to prevent contact with skin and eyes.

Protection during firefighting : Do not enter fire area without proper protective equipment, including respiratory protection.

## SECTION 6: Accidental release measures

### 6.1. Personal precautions, protective equipment and emergency procedures

General measures : Ventilate area. Evacuate area. Keep upwind. Spill should be handled by trained clean-up crews properly equipped with respiratory equipment and full chemical protective gear (see Section 8).

#### 6.1.1. For non-emergency personnel

Protective equipment : Wear Personal Protective Equipment as described in Section 8.

#### 6.1.2. For emergency responders

Protective equipment : Wear suitable protective clothing, gloves, respirator, and eye or face protection. For further information refer to section 8: "Exposure controls/personal protection".

### 6.2. Environmental precautions

Prevent entry to sewers and public waters. Notify authorities if liquid enters sewers or public waters. Avoid release to the environment.

### 6.3. Methods and material for containment and cleaning up

For containment : Contain any spills with dikes or inert absorbents (e.g., sand or vermiculite) to prevent migration and entry into sewers or streams.

Methods for cleaning up : Soak up spills with inert absorbants, such as sand or vermiculite as soon as possible. Place in closed waste container for disposal. This material and its container must be disposed of in a safe way, and as per local, state, and federal legislation.

### 6.4. Reference to other sections

No additional information available

## SECTION 7: Handling and storage

### 7.1. Precautions for safe handling

Precautions for safe handling : Do not handle until all safety precautions have been read and understood. Wear recommended personal protective equipment. Wash hands and other exposed areas with mild soap and water after handling material, leaving the laboratory, before eating, drinking or smoking and when leaving work.

### 7.2. Conditions for safe storage, including any incompatibilities

Storage conditions : Store in a -20°C freezer without a defrost cycle.

## SECTION 8: Exposure controls/personal protection

### 8.1. Control parameters

Contains no substances with occupational exposure limits.

### 8.2. Exposure controls

Appropriate engineering controls : Provide adequate general and local exhaust ventilation. Use process enclosures, local exhaust ventilation, or other engineering controls to control airborne levels below recommended exposure limits. Ensure adequate ventilation, especially in confined areas. Emergency safety shower and eye wash station should be available. Avoid prolonged or repeated exposure.

Personal protective equipment : Gloves. Protective goggles. Laboratory Coat.

Hand protection : Use gloves chemically resistant to this material when prolonged or repeated contact could occur. Gloves should be classified under Standard EN 374 or ASTM F1296. Suitable gloves for this specific application can be recommended by the glove supplier. Suggested glove materials are: Neoprene, Nitrile.

Eye protection : Safety goggles should be worn when working with mixture. Avoid direct contact with eyes.

Skin and body protection : Wear long sleeves, and chemically impervious PPE/coveralls to minimize bodily exposure.

Respiratory protection : Use NIOSH/MSHA-approved dust/particulate respirator if exposure symptoms develop. Where vapor, mist, or dust exceed PELs or other applicable OELs, use NIOSH-approved respiratory protective equipment. Do not breathe in vapour, mist, or dust.

## SECTION 9: Physical and chemical properties

### 9.1. Information on basic physical and chemical properties

| | | |
|---|---|---|
| Physical state | : | Liquid |
| Color | : | No data available |
| Odor | : | No data available |
| Odor Threshold | : | No data available |
| pH | : | No data available |
| Melting point | : | No data available |
| Freezing point (50% aquesous solution) | : | No data available |
| Boiling point | : | No data available |
| Flash point | : | No data available |
| Relative evaporation rate | : | No data available |
| Flammability (solid, gas) | : | No data available |
| Vapour pressure | : | No data available |
| Relative vapour density at 20 °C | : | No data available |
| Relative density | : | No data available |
| Solubility in Water | : | No data available |
| Log Pow | : | No data available |
| Log Kow | : | No data available |
| Auto-ignition temperature | : | No data available |
| Decomposition temperature | : | No data available |
| Viscosity, kinematic | : | No data available |
| Viscosity, dynamic | : | No data available |

| | |
|---|---|
| Explosive properties | : No data available |
| Oxidising properties | : No data available |
| Explosive limits | : No data available |

**9.2. Other information**

None.

## SECTION 10: Stability and reactivity

**10.1. Reactivity**

No dangerous reactions known under normal conditions of use.

**10.2. Chemical stability**

Stable under use and storage conditions as recommended in section 7.

**10.3. Possibility of hazardous reactions**

None known.

**10.4. Conditions to avoid**

No data available.

**10.5. Incompatible materials**

Strong oxidizing agents, bases, reducing agents, acids, alkali metals.

**10.6. Hazardous decomposition products**

Carbon oxides, Nitrogen oxides, Sulphur oxides, Magnesium oxide.

## SECTION 11: Toxicological information

**11.1. Information on toxicological effects**

| | |
|---|---|
| Acute toxicity | : No data available |
| Skin corrosion/irritation | : No data available |
| Serious eye damage/irritation | : No data available |
| Respiratory or skin sensitisation | : No data available |
| Germ cell mutagenicity | : No data available |
| Carcinogenicity | : IARC – No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible, or confirmed human carcinogen by IARC.<br>ACGIH – No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by ACGIH.<br>NTP – No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.<br>OSHA – No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA. |
| Reproductive toxicity | : No data available |
| Specific target organ toxicity (single exposure) | : No data available |
| Specific target organ toxicity (repeated exposure) | : No data available |
| Aspiration hazard | : No data available |
| Symptoms/injuries after inhalation | : May cause irritation to respiratory tract. |
| Symptoms/injuries after skin contact | : May cause mild irritation to skin. |
| Symptoms/injuries after eye contact | : May cause irritation, redness, and pain. |
| Symptoms/injuries after ingestion | : May cause gastrointestinal distress, nausea, and diarrhea. |
| Additional Information | : RTECS : Not available.<br>May cause central nervous system depression, vomiting, diarrhoea, dehydration, congestion in internal organs, liver irregularities (human evidence), and stomach irregularities (human evidence). To the best of our knowledge, the chemical, physical, and toxicological properties have not been thoroughly investigated. |

## SECTION 12: Ecological information

**12.1. Toxicity**

No additional information available

### 12.2. Persistence and degradability

No additional information available

### 12.3. Bioaccumulative potential

No additional information available

### 12.4. Mobility in soil

No additional information available

### 12.5. Other adverse effects

No additional information available

## SECTION 13: Disposal considerations

### 13.1. Waste treatment methods

Waste treatment methods : Obtain the consent of pollution control authorities before discharging to wastewater treatment plants. Product should not be discharged to surface waters without a NPDES permit.

Waste disposal recommendations : Dispose in a safe manner in accordance with local, state, and federal regulations. Avoid release to the environment.

## SECTION 14: Transport information

**DOT**

Not dangerous goods

**IMDG**

Not dangerous goods

**IATA**

Not dangerous goods

## SECTION 15: Regulatory information

**15.1. US Federal regulations**

**SARA 304 Extremely Hazardous Substances Reportable Quantity**

This product does not contain any components with a section 304 EHS RQ.

**SARA 311/312 Hazards**

Acute Health Hazard, Chronic Health Hazard

**SARA 302**

No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

**SARA 313**

This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

**15.2. International regulations**.

None.

**15.3. US State regulations**

**California Proposition 65**

This product does not contain any substances known to the state of California to cause cancer and/or reproductive harm.

**Massachusetts Right To Know Components**
No components are subject to the Massachusetts Right to Know Act.

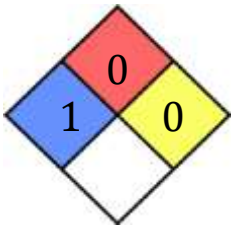

**New Jersey Right to Know Hazardous Substance List**
[2-Hydroxy-1,1-bis(hydroxymethyl)ethyl]ammonium acetate, CAS 6850-28-8
Magnesium di(acetate), CAS 142-72-3
(R*,R*)-1,4-Dimercaptobutane-2,3-diol, CAS 3483-12-3

**Pennsylvania Right to Know List**
[2-Hydroxy-1,1-bis(hydroxymethyl)ethyl]ammonium acetate, CAS 6850-28-8
Magnesium di(acetate), CAS 142-72-3
(R*,R*)-1,4-Dimercaptobutane-2,3-diol, CAS 3483-12-3

## SECTION 16: Other information

| | | |
|---|---|---|
| Indication of changes | : | Revision B: Update branding. |
| Revision date | : | 11/10/2021 |
| Other information | : | Author: Biosearch Technologies |

| | | |
|---|---|---|
| NFPA health hazard | : | 1 – Exposure would cause irritation with only minor residual injury. |
| NFPA fire hazard | : | 0 – Material that will not burn under typical fire conditions, including intrinsically noncombustible materials such as concrete, stone and sand. |
| NFPA reactivity | : | 0 - Normally stable, even under fire exposure conditions, and are not reactive with water. |

**HMIS III Rating**

| | | |
|---|---|---|
| Health | : | 1 |
| Flammability | : | 0 |
| Physical Hazard | : | 0 |
| Personal Protection | : | |

This information is disclosed to the best of Biosearch Technologies' knowledge. This document does not constitute a contractual relationship with product end users or handlers with respect to the possible presence of hazards in this item. Disposal should be in accordance with applicable regional, national and local laws and regulations.

# Positive Control Insert DNA LambdaPspOMIEagl.

Safety Data Sheet

Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Revision date: 10/18/2021 Version: C

## SECTION 1: Identification of the substance/mixture and of the company/undertaking

### 1.1. Product identifier

Product name : Positive Control Insert DNA LambdaPspOMIEagl

Product form : Mixture

Product code : F92369-1

### 1.2. Relevant identified uses of the substance or mixture and uses advised against

Use of the substance/mixture : Laboratory Chemicals.

### 1.3. Details of the supplier of the safety data sheet

Lucigen Corp.

Legal entity of LGC, Biosearch Technologies
2905 Parmenter Street
Middleton, WI 53562
U.S.A.
Phone: (608) 831-9011
Fax: (608) 831-9012
E-mail: techsupport@LGCGroup.com

### 1.4. Emergency telephone number

Emergency number : 1-888-575-9695 (Biosearch Technologies: Monday-Friday, 8:00AM-5:00PM)

## SECTION 2: Hazards identification

### 2.1. Classification of the substance or mixture

**GHS-US classification**

Not a hazardous substance or mixture.

### 2.2. Label elements

**GHS-US labelling**

Not a hazardous substance or mixture.

### 2.3. Other hazards

No additional information available.

### 2.4. Unknown acute toxicity (GHS-US)

No data available.

## SECTION 3: Composition/information on ingredients

### 3.1. Substance

Not applicable

### 3.2. Mixture

Non-hazardous mixture

## SECTION 4: First aid measures

### 4.1. Description of first aid measures

First-aid measures general : If exposed or concerned, get medical attention/advice. Show this safety data sheet to the doctor in attendance. Wash contaminated clothing before re-use. Never give anything to an unconscious person.

First-aid measures after inhalation : IF INHALED: Remove to fresh air and keep at rest in a comfortable position for breathing. If not breathing, give artificial respiration. Consult a physician.

First-aid measures after skin contact : IF ON SKIN (or clothing): Remove affected clothing and wash all exposed skin with tepid water for at least 15 minutes. If symptoms continue, consult a physician.

First-aid measures after eye contact : IF IN EYES: Immediately flush with tepid water for at least 15 minutes. Remove contact lenses if present and can easy to do so. Continue rinsing. If symptoms continue, consult a physician.

First-aid measures after ingestion : IF SWALLOWED: Rinse mouth thoroughly. Do not induce vomiting. Consult a physician if symptoms persist. Do not give anything by mouth to an unconscious person.

### 4.2. Most important symptoms and effects, both acute and delayed

Symptoms/injuries : Not expected to present a significant acute hazard under anticipated conditions of normal use.

Symptoms/injuries after inhalation : May cause upper respiratory irratation.

Symptoms/injuries after skin contact : May cause skin irritation.

Symptoms/injuries after eye contact : Direct contact with the eyes is likely to be irritating.

Symptoms/injuries after ingestion : May cause gastrointestinal irritation.

**4.3. Indication of any immediate medical attention and special treatment needed**

No additional information available.

## SECTION 5: Firefighting measures

**5.1. Extinguishing media**

Suitable extinguishing media : Incase of fire, use water, dry chemical, chemical foam, or alcohol-resistance foam. Use agents most appropriate to extinguish the fire.

**5.2. Special hazards arising from the substance or mixture**

Fire hazard : Product is not flammable.

Explosion hazard : Product is not explosive.

Reactivity : No dangerous reactions known under normal conditions of use.

**5.3. Advice for firefighters**

Firefighting instructions : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. In the event of fire and/or explosion, do not breathe fumes. Do not dispose of fire-fighting water in the environment.

Protection during firefighting : Do not enter fire area without proper protective equipment, including respiratory protection.

## SECTION 6: Accidental release measures

**6.1. Personal precautions, protective equipment and emergency procedures**

General measures : Ventilate area. Evacuate area. Keep upwind. Spill should be handled by trained clean-up crews properly equipped with respiratory equipment and full chemical protective gear (see Section 8).

**6.1.1. For non-emergency personnel**

Protective equipment : Wear Protective equipment as described in Section 8.

**6.1.2. For emergency responders**

Protective equipment : Wear suitable protective clothing, gloves and eye or face protection. For further information refer to section 8: "Exposure controls/personal protection".

**6.2. Environmental precautions**

Prevent entry to sewers and public waters. Notify authorities if liquid enters sewers or public waters. Avoid release to the environment.

**6.3. Methods and material for containment and cleaning up**

For containment : Contain any spills with dikes or inert absorbents (e.g., sand or vermiculite) to prevent migration and entry into sewers or streams.

Methods for cleaning up : Soak up spills with inert absorbants, such as vermiculite and sand. This material and its container must be disposed of in a safe way, and as per local, state, and federal legislation.

**6.4. Reference to other sections**

No additional information available

## SECTION 7: Handling and storage

**7.1. Precautions for safe handling**

Precautions for safe handling : Do not handle until all safety precautions have been read and understood. Wear recommended personal protective equipment. Wash hands and other exposed areas with mild soap and water after working with mixture, before leaving the laboratory, before eating, drinking or smoking and when leaving work. Avoid ingestion and inhalation. Keep container tightly closed.

**7.2. Conditions for safe storage, including any incompatibilities**

Storage conditions : Store in at either -20°C or -70°C . Keep container tightly closed.

## SECTION 8: Exposure controls/personal protection

**8.1. Control parameters**

Components with workplace control parameters

Contains no substances with occupational exposure limit values.

**8.2. Exposure controls**

| | | |
|---|---|---|
| Appropriate engineering controls | : | Provide adequate general and local exhaust ventilation. Use process enclosures, local exhaust ventilation, or other engineering controls to control airborne levels below recommended exposure limits. Ensure adequate ventilation, especially in confined areas. Emergency safety shower and eye wash should be available. |
| Personal protective equipment | : | Gloves. Protective goggles. |

| | | |
|---|---|---|
| Hand protection | : | Use gloves chemically resistant to this material when prolonged or repeated contact could occur. Gloves should be classified under Standard EN 374 or ASTM F1296. Suitable gloves for this specific application can be recommended by the glove supplier. |
| Eye protection | : | Use eye protection suitable to the environment. Avoid direct contact with eyes. |
| Skin and body protection | : | Wear long sleeves, and chemically impervious PPE to minimize bodily exposure. |
| Respiratory protection | : | Use NIOSH-approved dust/particulate respirator as needed. Where vapor, mist, or dust exceed PELs or other applicable OELs, use NIOSH-approved respiratory protective equipment. |

## SECTION 9: Physical and chemical properties

**9.1. Information on basic physical and chemical properties**

| | | |
|---|---|---|
| Physical state | : | Liquid containing dissolved material |
| Color | : | Colorless |
| Odor | : | No data available |
| Odor Threshold | : | No data available |
| pH | : | ~ 7 |
| Melting point | : | No data available |
| Freezing point | : | No data available |
| Boiling point | : | No data available |
| Flash point | : | No data available |
| Relative evaporation rate | : | No data available |
| Flammability (solid, gas) | : | No data available |
| Vapour pressure | : | No data available |
| Relative vapour density at 20 °C | : | No data available |
| Relative density | : | No data available |
| Solubility | : | No data available |
| Log Pow | : | No data available |
| Log Kow | : | No data available |
| Auto-ignition temperature | : | No data available |
| Decomposition temperature | : | No data available |
| Viscosity, kinematic | : | No data available |
| Viscosity, dynamic | : | No data available |
| Explosive properties | : | No data available |
| Oxidising properties | : | No data available |
| Explosive limits | : | No data available |

**9.2. Other information**

No additional information available

## SECTION 10: Stability and reactivity

**10.1. Reactivity**

No dangerous reactions known under normal conditions of use.

**10.2. Chemical stability**

Stable under use and storage conditions as recommended in section 7.

**10.3. Possibility of hazardous reactions**

None known.

**10.4. Conditions to avoid**

None known.

**10.5. Incompatible materials**

None known.

**10.6. Hazardous decomposition products**

None known.

## SECTION 11: Toxicological information

**11.1. Information on toxicological effects**

| | | |
|---|---|---|
| Acute toxicity | : | Not available |
| Skin corrosion/irritation | : | Not available |
| Serious eye damage/irritation | : | Not available |
| Respiratory or skin sensitisation | : | Not available |
| Germ cell mutagenicity | : | Not available |
| Carcinogenicity | : | Not available |
| Reproductive toxicity | : | Not available |
| Specific target organ toxicity (single exposure) | : | Not available |
| Specific target organ toxicity (repeated exposure) | : | Not available |
| Aspiration hazard | : | Not classified |
| Symptoms/injuries after inhalation | : | May cause upper respiratory irratation. |
| Symptoms/injuries after skin contact | : | May cause skin irritation. |
| Symptoms/injuries after eye contact | : | Direct contact with the eyes is likely to be irritating. |
| Symptoms/injuries after ingestion | : | May cause gastrointestinal irritation. |

## SECTION 12: Ecological information

**12.1. Toxicity**

No additional information available.

**12.2. Persistence and degradability**

No additional information available.

**12.3. Bioaccumulative potential**

No additional information available.

**12.4. Mobility in soil**

No additional information available.

**12.5. Other adverse effects**

No additional information available.

## SECTION 13: Disposal considerations

**13.1. Waste treatment methods**

| | | |
|---|---|---|
| Waste treatment methods | : | Obtain the consent of pollution control authorities before discharging to wastewater treatment plants. Product should not be discharged to surface waters without a NPDES permit. |
| Waste disposal recommendations | : | Dispose in a safe manner in accordance with local, state, and federal regulations. Avoid release to the environment. |

## SECTION 14: Transport information

**In accordance with DOT**

Not hazardous for transport

**Additional information**

| | | |
|---|---|---|
| Other information | : | No supplementary information available. |

**Transport by sea**

No additional information available

**Air transport**

No additional information available

## SECTION 15: Regulatory information

**15.1. US Federal regulations**

**SARA 304 Extremely Hazardous Substances Reportable Quantity**

This product does not contain any components with a section 304 EHS RQ.

**SARA 311/312 Hazards**

No SARA Hazards

**SARA 302**

No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

**SARA 313**

This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

**15.2. International regulations**

No additional information available.

**15.3. US State regulations**

**California Proposition 65**

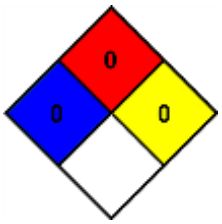

This product does not contain any substances known to the state of California to cause cancer and/or reproductive harm

| This mixture not listed on the following: |
|---|
| U.S. - Massachusetts - Right To Know List |
| U.S. - New Jersey - Right to Know Hazardous Substance List |
| U.S. - Pennsylvania - RTK (Right to Know) List |

## SECTION 16: Other information

| | | |
|---|---|---|
| Indication of changes | : | Revision C: Update branding. |
| Revision date | : | 10/18/2021 |
| Other information | : | Author: Biosearch Technologies. |

| | | |
|---|---|---|
| NFPA health hazard | : | 0 - Exposure under fire conditions would offer no hazard beyond that of ordinary combustible materials. |
| NFPA fire hazard | : | 0 - Materials that will not burn. |
| NFPA reactivity | : | 0 - Normally stable, even under fire exposure conditions, and are not reactive with water. |

**HMIS III Rating**

| | | |
|---|---|---|
| Health | : | 0 |
| Flammability | : | 0 |
| Physical | : | 0 |
| Personal Protection | : | |

This information is disclosed to the best of Biosearch Technologies' knowledge. This document does not constitute a contractual relationship with product end users or handlers with respect to the possible presence of hazards in this item. Disposal should be in accordance with applicable regional, national and local laws and regulations.

# SL1 Primer.

Safety Data Sheet

Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Revision date: 10/15/2021 Version: B

## SECTION 1: Identification of the substance/mixture and of the company/undertaking

### 1.1. Product identifier

Product name : SL1 Primer

Product form : Mixture

Product code : F91108-1

### 1.2. Relevant identified uses of the substance or mixture and uses advised against

Use of the substance/mixture : Laboratory Chemicals.

### 1.3. Details of the supplier of the safety data sheet

Lucigen Corp.

Legal entity of LGC, Biosearch Technologies
2905 Parmenter Street
Middleton, WI 53562
U.S.A.
Phone: (608) 831-9011
Fax: (608) 831-9012
E-mail: techsupport@LGCGroup.com

### 1.4. Emergency telephone number

Emergency number : 1-888-575-9695 (Biosearch Technologies: Monday-Friday, 8:00AM-5:00PM)

## SECTION 2: Hazards identification

### 2.1. Classification of the substance or mixture

**GHS-US classification**

Not a hazardous substance or mixture.

### 2.2. Label elements

**GHS-US labelling**

Not a hazardous substance or mixture.

### 2.3. Other hazards

No additional information available.

### 2.4. Unknown acute toxicity (GHS-US)

No data available.

## SECTION 3: Composition/information on ingredients

### 3.1. Substance

Not applicable

### 3.2. Mixture

Non-hazardous mixture

## SECTION 4: First aid measures

### 4.1. Description of first aid measures

First-aid measures general : If exposed or concerned, get medical attention/advice. Show this safety data sheet to the doctor in attendance. Wash contaminated clothing before re-use. Never give anything to an unconscious person.

First-aid measures after inhalation : IF INHALED: Remove to fresh air and keep at rest in a comfortable position for breathing. If not breathing, give artificial respiration. Consult a physician.

First-aid measures after skin contact : IF ON SKIN (or clothing): Remove affected clothing and wash all exposed skin with tepid water for at least 15 minutes. If symptoms continue, consult a physician.

First-aid measures after eye contact : IF IN EYES: Immediately flush with tepid water for at least 15 minutes. Remove contact lenses if present and can easy to do so. Continue rinsing. If symptoms continue, consult a physician.

First-aid measures after ingestion : IF SWALLOWED: Rinse mouth thoroughly. Do not induce vomiting. Consult a physician if symptoms persist. Do not give anything by mouth to an unconscious person.

### 4.2. Most important symptoms and effects, both acute and delayed

Symptoms/injuries : Not expected to present a significant acute hazard under anticipated conditions of normal use.

Symptoms/injuries after inhalation : May cause upper respiratory irratation.

Symptoms/injuries after skin contact : May cause skin irritation.

Symptoms/injuries after eye contact : Direct contact with the eyes is likely to be irritating.

Symptoms/injuries after ingestion : May cause gastrointestinal irritation.

**4.3. Indication of any immediate medical attention and special treatment needed**

No additional information available.

## SECTION 5: Firefighting measures

**5.1. Extinguishing media**

Suitable extinguishing media : Incase of fire, use water, dry chemical, chemical foam, or alcohol-resistance foam. Use agents most appropriate to extinguish the fire.

**5.2. Special hazards arising from the substance or mixture**

Fire hazard : Product is not flammable.

Explosion hazard : Product is not explosive.

Reactivity : No dangerous reactions known under normal conditions of use.

**5.3. Advice for firefighters**

Firefighting instructions : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. In the event of fire and/or explosion, do not breathe fumes. Do not dispose of fire-fighting water in the environment.

Protection during firefighting : Do not enter fire area without proper protective equipment, including respiratory protection.

## SECTION 6: Accidental release measures

**6.1. Personal precautions, protective equipment and emergency procedures**

General measures : Ventilate area. Evacuate area. Keep upwind. Spill should be handled by trained clean-up crews properly equipped with respiratory equipment and full chemical protective gear (see Section 8).

**6.1.1. For non-emergency personnel**

Protective equipment : Wear Protective equipment as described in Section 8.

**6.1.2. For emergency responders**

Protective equipment : Wear suitable protective clothing, gloves and eye or face protection. For further information refer to section 8: "Exposure controls/personal protection".

**6.2. Environmental precautions**

Prevent entry to sewers and public waters. Notify authorities if liquid enters sewers or public waters. Avoid release to the environment.

**6.3. Methods and material for containment and cleaning up**

For containment : Contain any spills with dikes or inert absorbents (e.g., sand or vermiculite) to prevent migration and entry into sewers or streams.

Methods for cleaning up : Soak up spills with inert absorbants, such as vermiculite and sand. This material and its container must be disposed of in a safe way, and as per local, state, and federal legislation.

**6.4. Reference to other sections**

No additional information available

## SECTION 7: Handling and storage

**7.1. Precautions for safe handling**

Precautions for safe handling : Do not handle until all safety precautions have been read and understood. Wear recommended personal protective equipment. Wash hands and other exposed areas with mild soap and water after working with mixture, before leaving the laboratory, before eating, drinking or smoking and when leaving work. Avoid ingestion and inhalation. Keep container tightly closed.

**7.2. Conditions for safe storage, including any incompatibilities**

Storage conditions : Store in at either -20°C or -70°C . Keep container tightly closed.

## SECTION 8: Exposure controls/personal protection

**8.1. Control parameters**

Components with workplace control parameters

Contains no substances with occupational exposure limit values.

**8.2. Exposure controls**

| | | |
|---|---|---|
| Appropriate engineering controls | : | Provide adequate general and local exhaust ventilation. Use process enclosures, local exhaust ventilation, or other engineering controls to control airborne levels below recommended exposure limits. Ensure adequate ventilation, especially in confined areas. Emergency safety shower and eye wash should be available. |
| Personal protective equipment | : | Gloves. Protective goggles. |

| | | |
|---|---|---|
| Hand protection | : | Use gloves chemically resistant to this material when prolonged or repeated contact could occur. Gloves should be classified under Standard EN 374 or ASTM F1296. Suitable gloves for this specific application can be recommended by the glove supplier. |
| Eye protection | : | Use eye protection suitable to the environment. Avoid direct contact with eyes. |
| Skin and body protection | : | Wear long sleeves, and chemically impervious PPE to minimize bodily exposure. |
| Respiratory protection | : | Use NIOSH-approved dust/particulate respirator as needed. Where vapor, mist, or dust exceed PELs or other applicable OELs, use NIOSH-approved respiratory protective equipment. |

## SECTION 9: Physical and chemical properties

**9.1. Information on basic physical and chemical properties**

| | | |
|---|---|---|
| Physical state | : | Liquid containing dissolved material |
| Color | : | Colorless |
| Odor | : | No data available |
| Odor Threshold | : | No data available |
| pH | : | ~ 7 |
| Melting point | : | No data available |
| Freezing point | : | No data available |
| Boiling point | : | No data available |
| Flash point | : | No data available |
| Relative evaporation rate | : | No data available |
| Flammability (solid, gas) | : | No data available |
| Vapour pressure | : | No data available |
| Relative vapour density at 20 °C | : | No data available |
| Relative density | : | No data available |
| Solubility | : | No data available |
| Log Pow | : | No data available |
| Log Kow | : | No data available |
| Auto-ignition temperature | : | No data available |
| Decomposition temperature | : | No data available |
| Viscosity, kinematic | : | No data available |
| Viscosity, dynamic | : | No data available |
| Explosive properties | : | No data available |
| Oxidising properties | : | No data available |
| Explosive limits | : | No data available |

**9.2. Other information**

No additional information available

## SECTION 10: Stability and reactivity

**10.1. Reactivity**

No dangerous reactions known under normal conditions of use.

**10.2. Chemical stability**

Stable under use and storage conditions as recommended in section 7.

**10.3. Possibility of hazardous reactions**

None known.

**10.4. Conditions to avoid**

None known.

**10.5. Incompatible materials**

None known.

**10.6. Hazardous decomposition products**

None known.

## SECTION 11: Toxicological information

**11.1. Information on toxicological effects**

| | | |
|---|---|---|
| Acute toxicity | : | Not available |
| Skin corrosion/irritation | : | Not available |
| Serious eye damage/irritation | : | Not available |
| Respiratory or skin sensitisation | : | Not available |
| Germ cell mutagenicity | : | Not available |
| Carcinogenicity | : | Not available |
| Reproductive toxicity | : | Not available |
| Specific target organ toxicity (single exposure) | : | Not available |
| Specific target organ toxicity (repeated exposure) | : | Not available |
| Aspiration hazard | : | Not classified |
| Symptoms/injuries after inhalation | : | May cause upper respiratory irratation. |
| Symptoms/injuries after skin contact | : | May cause skin irritation. |
| Symptoms/injuries after eye contact | : | Direct contact with the eyes is likely to be irritating. |
| Symptoms/injuries after ingestion | : | May cause gastrointestinal irritation. |

## SECTION 12: Ecological information

**12.1. Toxicity**

No additional information available.

**12.2. Persistence and degradability**

No additional information available.

**12.3. Bioaccumulative potential**

No additional information available.

**12.4. Mobility in soil**

No additional information available.

**12.5. Other adverse effects**

No additional information available.

## SECTION 13: Disposal considerations

**13.1. Waste treatment methods**

| | | |
|---|---|---|
| Waste treatment methods | : | Obtain the consent of pollution control authorities before discharging to wastewater treatment plants. Product should not be discharged to surface waters without a NPDES permit. |
| Waste disposal recommendations | : | Dispose in a safe manner in accordance with local, state, and federal regulations. Avoid release to the environment. |

## SECTION 14: Transport information

**In accordance with DOT**

Not hazardous for transport

**Additional information**

Other information : No supplementary information available.

**Transport by sea**

No additional information available

**Air transport**

No additional information available

## SECTION 15: Regulatory information

**15.1. US Federal regulations**

**SARA 304 Extremely Hazardous Substances Reportable Quantity**

This product does not contain any components with a section 304 EHS RQ.

**SARA 311/312 Hazards**

No SARA Hazards

**SARA 302**

No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

**SARA 313**

This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

**15.2. International regulations**

No additional information available.

**15.3. US State regulations**

**California Proposition 65**

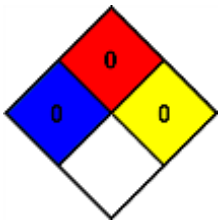

This product does not contain any substances known to the state of California to cause cancer and/or reproductive harm

| **This mixture not listed on the following:** |
|---|
| U.S. - Massachusetts - Right To Know List<br>U.S. - New Jersey - Right to Know Hazardous Substance List<br>U.S. - Pennsylvania - RTK (Right to Know) List |

## SECTION 16: Other information

| | | |
|---|---|---|
| Indication of changes | : | Revision B: Update branding. |
| Revision date | : | 10/15/2021 |
| Other information | : | Author: Biosearch Technologies. |

| | | |
|---|---|---|
| NFPA health hazard | : | 0 - Exposure under fire conditions would offer no hazard beyond that of ordinary combustible materials. |
| NFPA fire hazard | : | 0 - Materials that will not burn. |
| NFPA reactivity | : | 0 - Normally stable, even under fire exposure conditions, and are not reactive with water. |

**HMIS III Rating**

| | | |
|---|---|---|
| Health | : | 0 |
| Flammability | : | 0 |
| Physical | : | 0 |
| Personal Protection | : | |

This information is disclosed to the best of Biosearch Technologies' knowledge. This document does not constitute a contractual relationship with product end users or handlers with respect to the possible presence of hazards in this item. Disposal should be in accordance with applicable regional, national and local laws and regulations.

# NZ RevC Primer.

Safety Data Sheet

Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Revision date: 10/15/2021 Version: B

## SECTION 1: Identification of the substance/mixture and of the company/undertaking

### 1.1. Product identifier

Product name : NZ RevC Primer

Product form : Mixture

Product code : F91433-1

### 1.2. Relevant identified uses of the substance or mixture and uses advised against

Use of the substance/mixture : Laboratory Chemicals.

### 1.3. Details of the supplier of the safety data sheet

Lucigen Corp.

Legal entity of LGC, Biosearch Technologies
2905 Parmenter Street
Middleton, WI 53562
U.S.A.
Phone: (608) 831-9011
Fax: (608) 831-9012
E-mail: techsupport@LGCGroup.com

### 1.4. Emergency telephone number

Emergency number : 1-888-575-9695 (Biosearch Technologies: Monday-Friday, 8:00AM-5:00PM)

## SECTION 2: Hazards identification

### 2.1. Classification of the substance or mixture

**GHS-US classification**

Not a hazardous substance or mixture.

### 2.2. Label elements

**GHS-US labelling**

Not a hazardous substance or mixture.

### 2.3. Other hazards

No additional information available.

### 2.4. Unknown acute toxicity (GHS-US)

No data available.

## SECTION 3: Composition/information on ingredients

### 3.1. Substance

Not applicable

### 3.2. Mixture

Non-hazardous mixture

## SECTION 4: First aid measures

### 4.1. Description of first aid measures

First-aid measures general : If exposed or concerned, get medical attention/advice. Show this safety data sheet to the doctor in attendance. Wash contaminated clothing before re-use. Never give anything to an unconscious person.

First-aid measures after inhalation : IF INHALED: Remove to fresh air and keep at rest in a comfortable position for breathing. If not breathing, give artificial respiration. Consult a physician.

First-aid measures after skin contact : IF ON SKIN (or clothing): Remove affected clothing and wash all exposed skin with tepid water for at least 15 minutes. If symptoms continue, consult a physician.

First-aid measures after eye contact : IF IN EYES: Immediately flush with tepid water for at least 15 minutes. Remove contact lenses if present and can easy to do so. Continue rinsing. If symptoms continue, consult a physician.

First-aid measures after ingestion : IF SWALLOWED: Rinse mouth thoroughly. Do not induce vomiting. Consult a physician if symptoms persist. Do not give anything by mouth to an unconscious person.

### 4.2. Most important symptoms and effects, both acute and delayed

Symptoms/injuries : Not expected to present a significant acute hazard under anticipated conditions of normal use.

Symptoms/injuries after inhalation : May cause upper respiratory irratation.

Symptoms/injuries after skin contact : May cause skin irritation.

Symptoms/injuries after eye contact : Direct contact with the eyes is likely to be irritating.

Symptoms/injuries after ingestion : May cause gastrointestinal irritation.

**4.3. Indication of any immediate medical attention and special treatment needed**

No additional information available.

## SECTION 5: Firefighting measures

**5.1. Extinguishing media**

Suitable extinguishing media : Incase of fire, use water, dry chemical, chemical foam, or alcohol-resistance foam. Use agents most appropriate to extinguish the fire.

**5.2. Special hazards arising from the substance or mixture**

Fire hazard : Product is not flammable.

Explosion hazard : Product is not explosive.

Reactivity : No dangerous reactions known under normal conditions of use.

**5.3. Advice for firefighters**

Firefighting instructions : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. In the event of fire and/or explosion, do not breathe fumes. Do not dispose of fire-fighting water in the environment.

Protection during firefighting : Do not enter fire area without proper protective equipment, including respiratory protection.

## SECTION 6: Accidental release measures

**6.1. Personal precautions, protective equipment and emergency procedures**

General measures : Ventilate area. Evacuate area. Keep upwind. Spill should be handled by trained clean-up crews properly equipped with respiratory equipment and full chemical protective gear (see Section 8).

**6.1.1. For non-emergency personnel**

Protective equipment : Wear Protective equipment as described in Section 8.

**6.1.2. For emergency responders**

Protective equipment : Wear suitable protective clothing, gloves and eye or face protection. For further information refer to section 8: "Exposure controls/personal protection".

**6.2. Environmental precautions**

Prevent entry to sewers and public waters. Notify authorities if liquid enters sewers or public waters. Avoid release to the environment.

**6.3. Methods and material for containment and cleaning up**

For containment : Contain any spills with dikes or inert absorbents (e.g., sand or vermiculite) to prevent migration and entry into sewers or streams.

Methods for cleaning up : Soak up spills with inert absorbants, such as vermiculite and sand. This material and its container must be disposed of in a safe way, and as per local, state, and federal legislation.

**6.4. Reference to other sections**

No additional information available

## SECTION 7: Handling and storage

**7.1. Precautions for safe handling**

Precautions for safe handling : Do not handle until all safety precautions have been read and understood. Wear recommended personal protective equipment. Wash hands and other exposed areas with mild soap and water after working with mixture, before leaving the laboratory, before eating, drinking or smoking and when leaving work. Avoid ingestion and inhalation. Keep container tightly closed.

**7.2. Conditions for safe storage, including any incompatibilities**

Storage conditions : Store in at either -20°C or -70°C . Keep container tightly closed.

## SECTION 8: Exposure controls/personal protection

**8.1. Control parameters**

Components with workplace control parameters

Contains no substances with occupational exposure limit values.

**8.2. Exposure controls**

| | | |
|---|---|---|
| Appropriate engineering controls | : | Provide adequate general and local exhaust ventilation. Use process enclosures, local exhaust ventilation, or other engineering controls to control airborne levels below recommended exposure limits. Ensure adequate ventilation, especially in confined areas. Emergency safety shower and eye wash should be available. |
| Personal protective equipment | : | Gloves. Protective goggles. |

| | | |
|---|---|---|
| Hand protection | : | Use gloves chemically resistant to this material when prolonged or repeated contact could occur. Gloves should be classified under Standard EN 374 or ASTM F1296. Suitable gloves for this specific application can be recommended by the glove supplier. |
| Eye protection | : | Use eye protection suitable to the environment. Avoid direct contact with eyes. |
| Skin and body protection | : | Wear long sleeves, and chemically impervious PPE to minimize bodily exposure. |
| Respiratory protection | : | Use NIOSH-approved dust/particulate respirator as needed. Where vapor, mist, or dust exceed PELs or other applicable OELs, use NIOSH-approved respiratory protective equipment. |

## SECTION 9: Physical and chemical properties

**9.1. Information on basic physical and chemical properties**

| | | |
|---|---|---|
| Physical state | : | Liquid containing dissolved material |
| Color | : | Colorless |
| Odor | : | No data available |
| Odor Threshold | : | No data available |
| pH | : | ~ 7 |
| Melting point | : | No data available |
| Freezing point | : | No data available |
| Boiling point | : | No data available |
| Flash point | : | No data available |
| Relative evaporation rate | : | No data available |
| Flammability (solid, gas) | : | No data available |
| Vapour pressure | : | No data available |
| Relative vapour density at 20 °C | : | No data available |
| Relative density | : | No data available |
| Solubility | : | No data available |
| Log Pow | : | No data available |
| Log Kow | : | No data available |
| Auto-ignition temperature | : | No data available |
| Decomposition temperature | : | No data available |
| Viscosity, kinematic | : | No data available |
| Viscosity, dynamic | : | No data available |
| Explosive properties | : | No data available |
| Oxidising properties | : | No data available |
| Explosive limits | : | No data available |

**9.2. Other information**

No additional information available

## SECTION 10: Stability and reactivity

**10.1. Reactivity**

No dangerous reactions known under normal conditions of use.

**10.2. Chemical stability**

Stable under use and storage conditions as recommended in section 7.

**10.3. Possibility of hazardous reactions**

None known.

**10.4. Conditions to avoid**

None known.

**10.5. Incompatible materials**

None known.

**10.6. Hazardous decomposition products**

None known.

## SECTION 11: Toxicological information

**11.1. Information on toxicological effects**

| | | |
|---|---|---|
| Acute toxicity | : | Not available |
| Skin corrosion/irritation | : | Not available |
| Serious eye damage/irritation | : | Not available |
| Respiratory or skin sensitisation | : | Not available |
| Germ cell mutagenicity | : | Not available |
| Carcinogenicity | : | Not available |
| Reproductive toxicity | : | Not available |
| Specific target organ toxicity (single exposure) | : | Not available |
| Specific target organ toxicity (repeated exposure) | : | Not available |
| Aspiration hazard | : | Not classified |
| Symptoms/injuries after inhalation | : | May cause upper respiratory irratation. |
| Symptoms/injuries after skin contact | : | May cause skin irritation. |
| Symptoms/injuries after eye contact | : | Direct contact with the eyes is likely to be irritating. |
| Symptoms/injuries after ingestion | : | May cause gastrointestinal irritation. |

## SECTION 12: Ecological information

**12.1. Toxicity**

No additional information available.

**12.2. Persistence and degradability**

No additional information available.

**12.3. Bioaccumulative potential**

No additional information available.

**12.4. Mobility in soil**

No additional information available.

**12.5. Other adverse effects**

No additional information available.

## SECTION 13: Disposal considerations

**13.1. Waste treatment methods**

| | | |
|---|---|---|
| Waste treatment methods | : | Obtain the consent of pollution control authorities before discharging to wastewater treatment plants. Product should not be discharged to surface waters without a NPDES permit. |
| Waste disposal recommendations | : | Dispose in a safe manner in accordance with local, state, and federal regulations. Avoid release to the environment. |

## SECTION 14: Transport information

**In accordance with DOT**

Not hazardous for transport

**Additional information**

Other information : No supplementary information available.

**Transport by sea**

No additional information available

**Air transport**

No additional information available

## SECTION 15: Regulatory information

**15.1. US Federal regulations**

**SARA 304 Extremely Hazardous Substances Reportable Quantity**

This product does not contain any components with a section 304 EHS RQ.

**SARA 311/312 Hazards**

No SARA Hazards

**SARA 302**

No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

**SARA 313**

This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

**15.2. International regulations**

No additional information available.

**15.3. US State regulations**

**California Proposition 65**

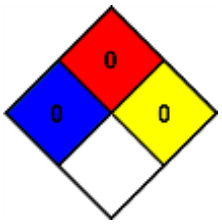

This product does not contain any substances known to the state of California to cause cancer and/or reproductive harm

| **This mixture not listed on the following:** |
|---|
| U.S. - Massachusetts - Right To Know List<br>U.S. - New Jersey - Right to Know Hazardous Substance List<br>U.S. - Pennsylvania - RTK (Right to Know) List |

## SECTION 16: Other information

| | | |
|---|---|---|
| Indication of changes | : | Revision B: Update branding. |
| Revision date | : | 10/15/2021 |
| Other information | : | Author: Biosearch Technologies. |

| | | |
|---|---|---|
| NFPA health hazard | : | 0 - Exposure under fire conditions would offer no hazard beyond that of ordinary combustible materials. |
| NFPA fire hazard | : | 0 - Materials that will not burn. |
| NFPA reactivity | : | 0 - Normally stable, even under fire exposure conditions, and are not reactive with water. |

**HMIS III Rating**

| | | |
|---|---|---|
| Health | : | 0 |
| Flammability | : | 0 |
| Physical | : | 0 |
| Personal Protection | : | |
